NSN 6635-01-066-3145

Tension And Comp Testing Machine - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6635-01-066-3145

General Description:

No

Test capabilities include static tension,	static compression,	static flexure,	dynamic tension,	dynamic compression,	alternating
tension-compression, strain, random te	ension compression				

Test capabilities include static tension, static compression, static flexure, dynamic tension, dynamic compression, alternating
tension-compression, strain, random tension compression
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
