End Application:

C-17 acft

Tip Termination Type:

Probe

Conductor Attachment Method:

Micrdot cable assembly, p/n bnc-micro/6

Special Features:

Nain probe, 2.25 mhz; diameter of probe0.625 in. Body, transducer surface diameter 0.50 in.; probe comes with removable delay and transmit 2.25 mhz ultrasonic pulse that can be transmitted into material under inspection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-h
