Automatic Radiographic Film Processing Machine - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6635-01-425-8848

Special Features:				
x-ray, ndi inspection				
Processing machine, radiographic filn	, automatic,	stationary (specification name),	alternate names film processor,	& processing unit,
Product Name:				
1				

220 vac, 3-wire single phase, 50/60 hz, 40 amp; 700 lbs; processor shall be able to handle at least 55 sheets of 14" x 17" industrial

Shelf Life:

N/a

Unit Of Measure:

radiographic film

Demilitarization:

No

Fiig:

T150-c
