**Scale Calibration:**

Push button

**Measurement Unit:**

Inch and gram

**Operation Method:**

Manual

**Unit Type:**

Electronic

**Load Receiver Type:**

Chisel head and cone head and hook and flat head and notched head and rod

**Mounting Method:**

Portable

**Scale Range:**

0-100lb; 0-50kg; 0-500n

**Scale Smallest Increment Graduation:**

0.1lb; 0.05kg; 0.5n

**Control Device Type:**

Automatic stop

**Spring Type For Which Designed:**

Compression and tension

**Torque Indicating Wrench Usage Feature:**

Not included

**Spring Travel Gage:**

Not included

**Special Features:**

Digital force gauge; ac/dc; 4 key pad basic controls; m40-110f operating temp; 8x3.375x1.875in; includes: stainless steel attachments, battery charger, allen wrench, manual & cushioned carry case.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T398-h
