**Input Current Type:**

Dc

**Output Voltage Rating In Volts:**

Between 50.0 and 400.0

**Receiver Frequency Rating:**

Between 500.0 kilohertz and 25000.0 kilohertz

**Overall Gain:**

115.0 decibels

**Special Features:**

Hand held ultrasonic flaw detector & thickness gage; lcd display a-trace; rs-232c i/o port; on-board alpha-numeric data/image logger & t-scan; includes: carry case, 2 nicad battery packs, battery charger, bl-01 & ml-01 cables, couplant bottle, computer/printer cable & transfer program.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A50110
