Input Current Type:

Dc

Output Voltage Rating In Volts:

Between 50.0 and 400.0

Receiver Frequency Rating:

Between 500.0 kilohertz and 25000.0 kilohertz

Overall Gain:

115.0 decibels

Special Features:

Hand held ultrasonic flaw detector & thickness gage; lcd display a-trace; rs-232c i/o port; on-board alpha-numeric data/image logger & t-scan; includes: carry case, 2 nicad battery packs, battery charger, bl-01 & ml-01 cables, couplant bottle, computer/printer cable & transfer program.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A50110
