Overall Length:

17.580 inches

Overall Width:

5.630 inches

Product Name:

F-5e dorsal longeron ndi ref standard

Functional Description:

Used to validate operation of ndi equipment (eddy current)

Special Markings:

Reference notches & holes identified by "notch length .Xxx, this hole"

Material:

Aluminum

Reference Data And Literature:

Drawing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
