**Operating Temperature Range:**

-40.0/+290.0 degrees fahrenheit

**End Application:**

Fuel fill control system, wasp class lhd

**Mounting Method:**

Clamp

**Special Features:**

1.0mhz; submersible electrical connection; weatherproof junction box

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A50110
