Major Components:

Multitest indicator 1

End Application:

6635-01-327-446 (multitest torque calibration system) ; defense support program

Component Quantity:

1

Special Features:

Item name per vendor: multitest calibrator/monitor; features a bright red alpha-numeric led display for readout of torque

Functional Description:

Provides torque, force, and angle of rotation measurements and presettable alert functions; has data acquisition capabilities; stores and recalls up to 3,000 torque/force readings

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
