End Application:

CI 400 ultrasonic precision guage

Transmitter Frequency Rating:

10000.0 kilohertz

Special Features:

Kstandard delay line transducer; contact 0.300 inch diameter (7.6 millimeters); transducer measures material thickness 0.010 to 1.000 inch (0.25 to 25.4 millimeters); single element transducer model alpha 10/.25

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A50110
