**Carrying Case:**

Not provided

**End Application:**

General purpose strain gage

**Temperature Compensator:**

Not included

**Deflection Angle Adjuster:**

Not included

**Special Features:**

Ohm resistance 1000 +/- 0.3%; fully encapsulated k-alloy gages with high endurance leadwires; temp range -452deg to +550 deg

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T134-m
