Carrying Case:

Not provided

End Application:

General purpose strain gage

Temperature Compensator:

Not included

Deflection Angle Adjuster:

Not included

Special Features:

Ohm resistance 1000 +/- 0.3%; fully encapsulated k-alloy gages with high endurance leadwires; temp range -452deg to +550 deg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T134-m
