Carrying Case:

Not provided

End Application:

General purpose strain gage

Temperature Compensator:

Not included

Deflection Angle Adjuster:

Not included

Special Features:

Ohm resistance 1000 +/- 0.15%; k-alloy foil in combination with flexible polyimide backing; temp range -320 degrees to +350 deg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-m
