

View Online at <https://aerobasegroup.com/nsn/6635-01-540-6191>

Special Features:

8 analog input channels; programmable excitation/gain/4 pole filter; 2 shunt calibration circuits per channel; random scan; remote sensing; universal strain gauge input module; includes calibration certificate; constant voltage; lgth 8.000 in; width 6.900 in; ht 1.200 in; range 0.100/10.000vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T134-m
