Overall Length:					
61.000 inches					
Overall Height:					
54.000 inches					
Overall Width:					
53.000 inches					
Overall Diameter:					
23.000 inches					
Product Name:					
Mass properties instrument					
Special Features:					
Include 25 foot standard cable; c	cline setback: 19.5 in.; air usage cfm: 4;	weight: 2400 lbs;	payload weight range	e: 200-6000 lbs; f	ull scale
momen (lb-in) : 5000					
Shelf Life:					
N/a					
Unit Of Measure:					
					
Demilitarization:					
No					
Fiig:					
T01200
