Carrying Case:

Provided

End Application:

Aerospace inspection equipment

Usage Design:

External

Indicator Type:

Digital counter

Installation Design:

Portable

Test Type:

Distortion

Indicator Reading Type:

Multiple

Indicator Design:

Direct reading or electronic signal alarm

Product Name:

Eddy current tester

Special Features:

Zec-hht-miz-21b system; item no.10025259 miz-21b eddy current tester; includes certification, operating guide, batteries, power/line cord, miz-21 battery charger; eliminator and miz-21 charger cable and hard side carrying case

Supplementary Features:

Cast aluminum case; remote connector serial port for pc interface; high-contrast display; 7 different eddy current data display modes; digitally mark up to 10 display points on screen; stores and recalls up to 50 test configurations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

T264-b
