Frequency Rating:

60.0 hertz

Switch Type:

Toggle

Switch:

Included

Handle:

Not furnished

Extension Cord Length:

6.000 feet

Prime Mover Horsepower Rating:

0.083

Voltage Rating:

115.0 volts

Maximum Speed Rating In Rpm:

150.0

Mounting Method:

Support rod

Prime Mover Current Type:

Ac

Output Shaft Drive Type:

Gear

Reduction Ratio:

20

Output Shaft Position:

Vertical position from motor shaft

Integral Speed Control:

Included

Speed Control Range In Rpm:

+0.0/+150.0

Accommodated Stirring Rod Maximum Diameter:

0.375 inches

Attached Extension Cord:

Included

Stirring Position Adjustment Feature:

Not provided

Phase:

Single

Special Features:

Dynamic brake, electrical reversing, torque limiting control, visual torque indication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T269-I
