Overall Length:

4.500 inches

Tip Type:

Round

Unit Type:

Tweezer

Jaw Type:

Serrated

Serrated Pattern Design:

Transversely

Product Name:

Forceps pinning entomological specimen curved blunt points

Surface Treatment And Location:

Nickel

Special Features:

Curved; jaw type: angle to handle

Material And Location:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A517I0
