Opening Location:

Top

Thermometer:

Not included

Closure Type:

Stopper

Standard Taper Size Designation:

10/18

Capacity In Milliliters:

50.0

Calibrated Feature:

Included

Calibration Temperature In Deg Celsius:

20.0

Graduations:

Not included

Opening Fitting Type:

Standard taper

Closure Orifice Type:

Capillary bore

Material:

Glass

Material Specification:

Fed dd-g-541, type 1, class a federal specification single material response

Style Designator:

Capacity adjusted type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T116-d
