Overall Height:

458.00 millimeters

Scale Marking:

1130 ml and 1205 ml

Capacity Rating:

1205.000 milliliters

Calibration Function:

To contain

Primary Container Type:

Case

Scale Graduation Unit:

1130.0 milliliters 1st interval single scale

Primary Container Unit Quantity:

1

Graduation Marking Method:

Fired stain or painted

Scale Reading Direction:

Bottom to top outside single scale

Scale Graduation Unit Range:

+1130.0 to 1205.0 milliliters single interval single scale

Material:

Glass, federal dd-g-541, type 1, class a

Style Designator:

Rim mouth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24200
