**Handle Type:**

Wire loop

**Tip Type:**

Round

**Material And Location:**

Rhodium and platinum alloy,

**Size Designator:**

0.91 millimeters

**Product Name:**

Loop inoculating laboratory quantitative 0.01ml

**Special Features:**

Shank length 50.0 mm or 75mm; inside diameter of loop 4.0mm, delivers 0.01ml sample

**Precious Material:**

Rhodium and platinum

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T133-g
