Current Type:

Ac

Accessory Components And Quantity:

Removable char blue front panel 1; 100 w explosion proof incandescent light 1

Basic Material:

Steel and fiberglass

Electric Motor Horsepower Rating:

0.75

Hood Length:

70.000 inches

Hood Height:

59.000 inches

Hood Air Duct Quantity:

2

Voltage In Volts:

115.0

Phase:

Single

Special Features:

Counterbalanced sash, air foil, automatic air bypass

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T107-f
