Overall Height:

7.500 inches

Overall Width:

10.125 inches

Current Type:

Ac

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Voltage Rating:

110.0 volts

Holder Type:

Platform

Product Name:

Shaking machine laboratory 7.5in h x 10.12in w series 7740

Special Features:

Used for oscillations per minute; peg and grommet design permits rapid platform changing; item is a series 7740 rocker platform

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-g
