Mounting Type:

Stand or wall bracket

Current Type:

Ac

Frequency Rating:

60.0 hertz

Carrying Case:

Not provided

Assembly Form:

Assembled

Voltage Rating:

240.0 volts

Feed Type:

Continuous

Water For Which Designed:

Hard water

Condenser Type:

Reservoir

Heating Method:

Electrical

Load Capacity:

10.000 gallons per hour

Distilling Unit Quantity:

1

Low Water Automatic Heater Shut-off:

Included

Bleeder Device:

Included

Phase:

Three

Material:

Nickel-chromium alloy and steel, stainless

Material:

Nickel alloy and stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-e
