Electric Liquid Bath - Page 1 of 2

Overall Height:

View Online at https://aerobasegroup.com/nsn/6640-01-069-1778

9.500 inches
Overall Length:
21.000 inches
Overall Width:
12.750 inches
Current Type:
Ac
Frequency Rating:
Between 50.0 hertz and 60.0 hertz
Inside Width:
10.500 inches
Inside Length:
13.000 inches
Inside Depth:
6.000 inches
Operating Tempurature Range:
+21.0/+100.0 degrees celsius
Insulated Feature:
Included
Hinge Feature:
Included
Accessory Components And Quantity:
3-conductor cord w/plug 1
Voltage Rating:
120.0 volts
Opening Quantity:
1
Heating Element Current Type:
Ac
Heating Element Phase:
Single
Capacity Rating:
4.500 gallons
Heating Element Wattage In Watts:
1000.0
Wattage Rating:
1.05 kilowatts
Heating Element Type:
Electric immersion
Heating Element Quantity:

NSN 6640-01-069-1778 Electric Liquid Bath - Page 2 of 2

Heating Element Voltage Rating:
120.0 volts
Reservoir Material:
Steel, stainless
Reservoir Removability:
Nonremovable
Constant Water Level Attachment:
Included
Low Water Cutoff:
Included
Inner Surface Color:
Any acceptable
Test Tube Rack:
Not included
Heating Element Frequency Rating:
Between 50.0 hertz and 60.0 hertz
Agitator:
Included
Thermoregulator:
Not included
Tempurature Regulating Settings:
Proportional over operating temperature range
Cooling Coils For Below Room Tempurature Use:
Not included
Thermometer Opening:
Provided
Pilot Light:
Included
Phase:
Single
Shape:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T269-j
