Operating Temperature Range:

-76.0/-40.0 degrees celsius

Thermoregulator:

Included

Temperature Regulating Settings:

Adjustable

Cooling Coils For Below Room Temperature Use:

Included

Special Features:

Cryocool refrigeration system usefor low temperature operations; 115 vac, 60 hz, single phase, 4.4 amps; 65 pounds, 10.5 inch long, 11.5 inch wide, 15 inch high; 1/4 horsepower compressor; 50 inch of 1 3/8 hose; temperature probe 18 by .65 inches; automatic refrigerat flow

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-j
