Overall Height:

13.500 inches

Scale Marking:

Every twentieth graduation

Capacity Rating:

Between 500.000 cubic centimeters and 2500.000 cubic centimeters

Calibration Function:

To contain

Scale Graduation Unit:

5.0 cubic centimeters single interval single scale

Graduation Marking Method:

Painted

Scale Reading Direction:

Bottom to top outside single scale

Scale Graduation Unit Range:

+0.0/+5.0 cubic centimeters single interval single scale

Special Features:

3.750 in. Dia

Material:

Glass

Material:

Glass

Style Designator:

Cylindrical

Reference Number Differentiating Characteristics:

As differentiated by specification control dwg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24200
