Mounting Type:

Feet or stand or wall bracket

Current Type:

Ac

Carrying Case:

Not provided

Voltage Rating:

115.0 volts and 230.0 volts

Heating Method:

Electrical

Load Capacity:

5.000 gallons per hour

Distilling Unit Quantity:

1

Low Water Automatic Heater Shut-off:

Not included

Bleeder Device:

Included

Product Name:

Distilling app lab water elec heated 5 gl (19l)115/230v 50/60ac

Phase:

Single

Material:

Brass and bronze and copper and steel, stainless

Material:

Copper alloy and copper alloy and copper and stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-e
