Closure Method:

Snap-latch

Disposition After Initial Use:

Reusable

Primary Container Type:

Package

Primary Container Unit Quantity:

25

Product Name:

Cover cassette embedding & processing stainless steel rect 25s

Special Features:

Used to secure tissue specimen during processing and infiltration; for use w/6640-01-156-3497; 6640-00-223-2259; 6640-01-156-3578; 6640-01-117-7153 embedding and processing cassette

Material:

Stainless steel

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T397-c
