Handle Type:

Wire loop

Tip Type:

Round

Material And Location:

Platinum and rhodium

Size Designator:

0.41 millimeters

Product Name:

Loop inoculating lab platinum/rhodium sz 0.41mm delivers 0.001ml

Special Features:

Shank length 75.0 mm, loop id 1.45 mm, wire size no. 26 gauge, delivers 0.001 ml sample

Precious Material And Location:

platinum and rhodium

Precious Material And Weight:

0.20265 platinum grams and 0.00735 rhodium grams

Precious Material:

Platinum and rhodium

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-g
