## NSN 6640-01-125-4584

Bacteriological Pipet - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6640-01-125-4584

Overall Length:
5.750 inches
Design Designation:
Pasteur
Features Provided:
Disposable and heavy wall construction
Primary Container Type:
Package
Primary Container Unit Quantity:
250
Total Primary Container Quantity:
4
Special Features:
Tip diameter dispensing a drop approximating that delivered by blood bank reagent vial droppers
Material:
Glass, soda-lime
Material:
Glass, soda-lime
Style Designator:
Pasteur
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A24200
