Overall Height:

209.0 millimeters

Overall Outside Diameter:

32.0 millimeters

Capacity Rating:

650.000 milliliters

Features Provided:

Disposable and sterile

Primary Container Type:

Bag

Primary Container Unit Quantity:

5

Total Primary Container Quantity:

5

Product Name:

Flask tissue culture plas disp 650 ml 25s

Special Features:

150 sq cm surface area; w/rubber lined rigid screw cap

Material:

Plastic, polystyrene

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
