**Width:**

146.1 millimeters

**Length:**

175.000 feet

**Usage Design:**

Tracing

**Line Color:**

Red

**Ruling Division:**

100.0 mm graduated graph area, 40.0 mm printing area

**Product Name:**

Chart paper clinical analyzer red 175 feet length

**Special Features:**

14.5 cm heat sensitive; black tracing on white paper; provides readability of patient data and the tracing of electrophoretic separations; used with cliniscan denitometers; continuous roll

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T149-a
