Width:

146.1 millimeters

Length:

175.000 feet

Usage Design:

Tracing

Line Color:

Red

Ruling Division:

100.0 mm graduated graph area, 40.0 mm printing area

Product Name:

Chart paper clinical analyzer red 175 feet length

Special Features:

14.5 cm heat sensitive; black tracing on white paper; provides readability of patient data and the tracing of electrophoretic separations; used with cliniscan denitometers; continuous roll

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T149-a
