Unit Package Quantity:

25

Accessory Components And Quantity:

Anaerobic gas generator 1; anaerobic indicator 1; plastic palladium catalyst container 1; bio-bag (type a) 1

Features Provided:

Disposable and immediate consumption unit type

Hydrogen Generation Method:

Palladium catalyst

Product Name:

Generator gas envelop palladium catalyst immediate consumption25

Unit Package Type:

Package

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T396-g
