Overall Length:

10.500 inches

Overall Height:

5.500 inches

Overall Width:

5.500 inches

Current Type:

Ac

Frequency Rating:

50.0 hertz and 60.0 hertz

Interval Timer:

Not included

Accessory Components And Quantity:

Operating instruction, 1

Voltage Rating:

120.0 volts and 230.0 volts

Unit Type:

Oscillating

Holder Type:

Tray

Holder Capacity:

26 blood collecting tubes and 2 vials of 4c cell control

Product Name:

Shaking machine laboratory 120/230v 50/60hz ac oscillating type

Special Features:

Delivers 1 tube at a time; for use w/blood collecting tube, 6630-01-119-8575, to mix blood specimens, and other 5 and 7 ml tubes containing anticoagulant

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-g
