Inside Diameter:

31.7 millimeters

Overall Height:

55.5 millimeters

Overall Outside Diameter:

32.5 millimeters

Capacity Rating:

35.000 milliliters

Calibration Function:

To contain

Features Provided:

Disposable

Primary Container Type:

Package

Primary Container Unit Quantity:

40

Total Primary Container Quantity:

5

Product Name:

Vial bld diluting plas disp coulter leakproof 35ml cap 200s

Special Features:

Coulter; leakproof; 10 and 20 ml graduations; five trays, 40 vials per tray; unit pkg q type 200

Material:

Plastic

Style Designator:

Cylindrical form, square bottom

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24200
