**Product Name:**

Embedding compound lab flakes 56-57degree melt point 2lb

**Special Features:**

Physical form-flakes; 56 to 57 degrees melting point

**Color:**

Any acceptable

**Material:**

Paraffin and plastic polymers

**Material:**

Paraffin and plastic polymers

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T09700
