Current Type:

Ac

Accessory Components And Quantity:

Intergral mixing platform-1; magnets-4; built in 30 min. Timer graduated in 1 min. Intervals; 45 in. High pole stand-1; adjustable support hooks-4; waste receptacle bag-1

Product Name:

Blood cell washer: 120/230v 50/60hz ac

Exterior Container Weight:

150.00 pounds

Voltage In Volts:

120.0 or 230.0

Exterior Container Cubic Measure:

21.15 cubic feet

Exterior Container Quantity:

1

Special Features:

5800 rpm fixed centrifuge speed requires no more than 1500 ml of was solution; allows 2 red blood cell unit washes per bowl; for ue with blood cell collection recovery pack, 6515-01-235-6088 and waste bag set, 6640-01-234-9582; for frozen blood washing solution, order 6505-01-234-9583; for use in high glycerol freezing protocols

Frequency In Hertz:

50.0 or 60.0

Unit Of Issue Cube:

21.15 cubic feet

Unit Of Issue Weight:

150.00 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-f
