Physical Form:

Liquid

Product Name:

Embedding compound lab liquid natural glycol and resin 4oz 12s

Special Features:

Provides specimen matrix for cryostat sectioning at -10 deg.C and below

Color:

Natural

Material:

Glycol and resin

Material:

Glycol and resin natural or resin synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T09700
