Capacity Rating:

2.0 liters

Closure Size For Which Designed:

38-430 mm

Closure Type:

Screw cap

Stopper Material:

Plastic, polypropylene

Special Features:

Large narrow mouth; leakproof; for use in shipping and storing corrosive chemicals and standards, collecting and storing distilled water; low density plastic, polyethylene

Color:

Clear

Material:

Plastic polyethylene

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T116-b
