**Tip Type:**

Luer lock

**Tip Material:**

Glass

**Plunger Material:**

Plastic, polytetrafluoroethylene

**Barrel Material:**

Glass

**Scale Smallest Increment:**

10.000 microliters

**Capacity:**

1000.000 microliters

**Product Name:**

Syringe clinical chemistry analyzer hamilton 1000 microliters

**Special Features:**

Hamilton syringe specifically designed for roche cobas mira analyzer

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T133-b
