Capacity Rating:

30.000 microliters

Calibration Function:

To deliver

Color Coding:

Blue and yellow

Features Provided:

Reusable

Primary Container Type:

Package

Primary Container Unit Quantity:

1

Graduation Marking Method:

Engraved

Special Features:

Air displacement hand-held pipet; utilizing disposable polypropylene tips; can be adjusted porm 10 pct; 8 in. Long piston

Material:

Stainless steel

Style Designator:

Disposable tip

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24200
