Overall Diameter:

Between 0.700 inches and 0.730 inches

Overall Thickness:

0.060 inches

Special Features:

Used on pressure reducing station (dielectric number 46739-501/502); order amount 100 dollars.

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-a
