**Overall Length:**

5.750 inches

**Capacity Rating:**

2.000 milliliters

**Features Provided:**

Controlled drop size and disposable and flexible bulb and gas sterilizable and graduated to tip

**Primary Container Type:**

Package

**Primary Container Unit Quantity:**

500

**Product Name:**

Pipet transfer plast polyeth freezable heat seal radia steri500s

**Special Features:**

Heat sealable; freezable; radiation sterilizable; ideal for blood banking

**Material:**

Plastic, polyethylene

**Material:**

Plastic polyethylene

**Style Designator:**

Transfer one piece w/molded bulb

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24200
