**Inside Diameter:**

1.7 millimeters

**Capacity Rating:**

0.500 milliliters

**Features Provided:**

Disposable and nonsterile

**Primary Container Type:**

Package

**Primary Container Unit Quantity:**

50

**Cone Angle:**

45.0 degrees

**Product Name:**

Funnel common lab plas polyprop .5ml cap f3 plain cone style 50s

**Special Features:**

With cap and side mounting clip; single useage; used with cytospin 2 centrifuge unit p/n 5900002

**Material:**

Plastic, polypropylene

**Material:**

Plastic polypropylene

**Style Designator:**

Plain cone

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A24200
