Inside Diameter:

1.7 millimeters

Capacity Rating:

0.500 milliliters

Features Provided:

Disposable and nonsterile

Primary Container Type:

Package

Primary Container Unit Quantity:

50

Cone Angle:

45.0 degrees

Product Name:

Funnel common lab plas polyprop .5ml cap f3 plain cone style 50s

Special Features:

With cap and side mounting clip; single useage; used with cytospin 2 centrifuge unit p/n 5900002

Material:

Plastic, polypropylene

Material:

Plastic polypropylene

Style Designator:

Plain cone

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
