Overall Length:

5.750 inches

Capacity Rating:

2.000 milliliters

Features Provided:

Regular tip

Primary Container Type:

Package

Primary Container Unit Quantity:

500

Special Features:

Draw volume approx 2.0 ml; used in general laboratory procedures

Material:

Plastic, polyethylene

Material:

Plastic polyethylene

Style Designator:

Transfer one piece w/molded bulb

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
