Tubing Inside Diameter Accommodated:

8.0 millimeters

Features Provided:

Autoclavable

Primary Container Type:

Package

Primary Container Unit Quantity:

20

Special Features:

Y connectors; u/p q type 20

Material:

Plastic, polypropylene

Material:

Plastic polypropylene

Style Designator:

Y straight serrations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
