Current Type:

Ac

Accessory Components And Quantity:

Reusable container 1; platform w/4 magnets 1; pole stand 45 in. H w/4 adjustable hooks 1; recovery pack, 6515-01-235-6088 1; waste bag set 6640-01-234-9582 1

Product Name:

Cell washing system 120/230v 50/60hz ac

Voltage In Volts:

120.0 or 230.0

Special Features:

Built-in 30 minute timer graduated in one min. Intervals; 5800 rpm fixed centrifuge speed; requires no more than 1, 500 ml of wash solution; allows two red blood cell unit washes per bowl wash and waste bag set; for frozen blood washing solution, order 6505-01-234-9583; for use in high glycerol freezing protocols

Frequency In Hertz:

50.0 or 60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-f
